To Whom It May Concern:

MCA Records has had the opportunity and pleasure to work with Mike Borne and his staff at Allstar Audio Systems, Inc. for the past three years for various events including Country Radio Seminar at Opryland Hotel.

We found Allstar's expertise and professionalism to be of the highest standing in assisting with our technical requirements that ensured a successful show.

We would gladly recommend Allstar Audio for any audio requirements that a future client might need without hesitation as we will undoubtedly use them again for future events.

Sincerely,

A handwritten signature in cursive script that reads "Shelia A. Shipley".
