Dear Mike,

I would like to thank you for all you and your company have done to assist our Parks and Recreation Department as well as our Police Department.

By allowing the use of your portable, lighted stage for our 4th of July Celebration and our Night Out Against Crime events, you not only saved us thousands of dollars but you were also integral in assisting us in providing quality, first-class events for our citizens.

You and your company are a tremendous asset to the Smyrna Community and we hope your business continues to thrive as a valued member of our town.

Sincerely,
